Co-funded by
the European Union

From **May 11 to 15, 2026**, the Faculty of Economics of **Poznań University of Life Sciences**, in cooperation with universities from Italy, Slovakia, Spain, and Ukraine, is organizing an **international Summer School** titled **"Economic, legal and environmental aspects of agricultural land protection in the EU"**.

The Summer School is intended for **master's level (second cycle)** students and offers a combination of theoretical and practical teaching led by professors from the following universities:

- **Slovak University of Agriculture in Nitra, Slovakia**
- **Poznań University of Life Sciences, Poland**
- **Università Roma Tre, Italy**
- **Universidad de Almería, Spain**
- **Taras Shevchenko National University of Kyiv, Ukraine**

The Summer School is organized within the framework of the international educational project KA220-HED – Cooperation Partnerships in Higher Education titled **"EU Partnership to Protect Agricultural Land in the Face of Climate and Environmental Challenges. Caring for Future Generations – ProLand."**

Participation in the Summer School is **free of charge**.

REGISTRATION

Who can apply?

The Summer School is open to **students who are in their 1st or 2nd year of master's studies** in the current academic year 2025/2026.

How to apply?

Interested students should fill in a completed Summer School **Application Form**

[<https://forms.gle/HUzkkxMvaabQH1oFv9>]

and send a **motivation letter** in English by April 24th at the latest, via email to: proland@up.poznan.pl

Participant Selection

The selection will be based on the submitted documents and a subsequent personal interview.

Priority will be given to students whose final thesis focuses on topics related to soil protection, the environment, or sustainable food production.

Note

We are committed to making education accessible.

Our Summer School is a place to everyone.

We prioritize **inclusion, diversity, and equality**.

Are you part of a disadvantaged group? We'll find a place for you!
